

Scavenger Hunt

Step-by-Step Instructions:

1. Break a large group into smaller groups of 5-10. Make sure there are at least two groups since they will be competing with each other.
2. Give each group a copy of the list of scavenger items.
3. Instruct the groups that they have 3 minutes to locate the things on the scavenger list. Each item is worth 3 points. Have them place their items on the floor in the middle of their small group.
4. Have each group add up their points. The group with the most points wins the scavenger hunt.

Tips for Discussion and Processing

This is a fairly fast paced activity. Groups will most likely have duplicates of things on the list. Remind everyone to reclaim their items.
